New Prior Authorization Forms Available for Psychotropic Agents

The changes to the Medicaid Services Manual (MSM) Chapter 1200 Prescribed Drugs regarding psychotropic medications for children and adolescents were implemented on May 16, 2016. Two separate prior authorization forms are now available for use and have replaced form FA-70 (Psychotropic Agents for Children and Adolescents):

- FA-70B - Psychotropic Agents for Children and Adolescents Ages 6 to 18

Effective May 16, 2016, FA-70A or FA-70B must be used instead of form FA-70. The forms are available on the [Pharmacy Forms](#) webpage at www.medicaid.nv.gov.
